

National Institute of Surgery and Transplantology of the NAMS of Ukraine name after A.A. Shalimov
Association of Interventional Cardiologists of Ukraine
Association of vascular surgeons, angiologists and phlebologists of Ukraine

07-08|11|2024
Kyiv

CONFERENCE
PROGRAM

Organizing committee

Usenko O.

Sokolov M.

Kostyliov M.

Kondratyuk V.

Khokhlov A.

Conference Scientific Committee

Furkalo S.

Sorokhtei L.

Sokolov M.

Kondratyuk V.

Khokhlov A.

Gabrielyan A.

Kalnins A.

Head of the course

Professor - Serhii Furkalo

Executive secretary

Dr. Inna Khasyanova

Phone: +380 50 351 77 88 e-mail: ihasyanova@gmail.com

International Faculty

Artis Kalnins - Latvia

Imre Ungi - Hungary

Emmanouil Brilakis - USA

Sevket Gorgulu - Turkey

Illya Litovchik - Israel

Meruzan Sagatelian - Armenia

Maciej Lesiak - Poland

Zoltan Szeberin - Hungary

Péter Andréka - Hungary

Dariusz Dudek - Poland

Speakers of Ukraine

Aksyonov Ye. (Kyiv)

Altman I. (Kyiv)

Basatskyi A. (Kyiv)

Besh D. (Lviv)

Vagis Y. (Kyiv)

Vlasenko O. (Kyiv)

Gabrielyan A. (Kyiv)

Gardubey Ye. (Uzhhorod)

Hovorov A. (Kyiv)

Hyndych P. (Kyiv)

Danylchuk I. (Vinnytsia)

Denisov S. (Kyiv)

Derii S. (Cherkasy)

Klantsa A. (Khmelnyskyi)

Kondratyuk V. (Kyiv)

Kolisnyk V. (Odesa)

Korshak O. (Kyiv)

Furkalo S. (Kyiv)

Zhvyrevych A. (Kryvyi Rih)

Salo S. (Kyiv)

Smorzhevsky V. (Kyiv)

Sokolov M. (Kyiv)

Sorokhtei L. (Lviv)

Stan M. (Kyiv)

Todurov M. (Kyiv)

Uzun D. (Kyiv)

Furkalo O. (Kyiv)

Khasyanova I. (Charité Berlin)

Khokhlov A. (Kyiv)

Krush A. (Kyiv)

Mazanovych I. (Kyiv)

Masliy B. (Ternopil)

Nikishyn O. (Kyiv)

Petrovskyi T.
(Ivano-Frankivsk)

Polivenok I. (Kharkiv)

Rafaliuk O. (Lviv)

Salo V. (Lviv)

08:00-
12:00

● **Registration of conference participants**

08:30

CHIP live-cases

Moderation/Comments by:

Aksyonov Ye., Furkalo S., Khasyanova I., Polivenok I., Uzun D,

08:40

● **Live transmission from cardiac operating room**

Illya Litovchik (Israel)

09:20

● **Live transmission from cardiac operating room**

Artis Kalnins (Latvia)

10:00-
10:20

● **Conference opening .
Welcome speech:**

O. Usenko

Director of the "O.O. Shalimov National Scientific Center of Surgery and Transplantology" of the National Academy of Sciences of Ukraine AMSU, Professor

M. Sokolov

President of the Association of Interventional Cardiologists, Professor

S. Furkalo

Chairman (Professor)

I. Khasyanova

Secretary of the organizing committee of conference

10:20 – 14:30 Session 1 (parallel session)**Controversial issues of interventional cardiology**

Moderation by:

Aksyonov Ye., Furkalo S., Polivenok I., Rafaliuk O., Sokolov M.

- (20 min.)** ● **Trials that change our traditional insight into daily practice**
-  Maxim Sokolov
(Kyiv)
- (12 min.)** ● **Circulatory support in complex PCI pro/contra**
-  Igor Polivenok
(Kharkiv)
- (12 min.)** ● **All CHIP interventions require use of visualization.**
-  Liliya Sorokhtei
(Lviv)
- (12 min.)** ● **Back to the future. BRS is still the future of interventional cardiology.**
-  Serhii Furkalo
(Kyiv)

(12 min.)

DEB do not have a sufficient base to be prime-technology in modern interventional practice. DES remains number 1, as before.

Yevheny Aksyonov
(Kyiv)

(12 min.)

For CHIP interventions, what would be sequence I put modern technologies in: rotablator, lithotripsy (IVL), IVUS/OCT, FFR, MRI/stress test, mechanical circulatory support?

Andriy Basatskyi
(Kyiv)

12:15–
12:30

Coffee break

12:30 –14:30

Session 1 (continued)

Controversial issues of interventional cardiology

Moderation: Besh D., Furkalo S., Salo V.

Comments by: Khasyanova I., Petrovskyi T.

(15 min.)

DEB technology in CTO interventions

Maciej Lesiak
(Poznan, Poland)

(Medtronic satellite)

(12 min.)

How do I understand "hybrid interventions"? Expediency and expected outcomes.

Artur Gabrielyan
(Kyiv)

13:00

● **Live transmission from cardiac operating room**

Sevket Gorgulu
(Turkey)

13:30

● **Live transmission from cardiac operating room**

Ye. Aksyonov
(Ukraine)

14:30–
15:10

● **Lunch break**

15:10 – 18:00

Session 2

Endovascular treatment of valves and aorta pathology

Moderated by:

Hovorov A., Klantsa A., Khasyanova I., Khokhlov A.,
Smorzhevskiy V.

Commented by: Denisov S., Stan M.

15:10

● **Live transmission from X-ray operating room of Shalimov NSCST**

S. Furkalo
(Kyiv)

15:30

● **Live transmission from X-ray operating room of Shalimov NSCST**

Yu. Vaghis
(Kyiv)

A. Krush
(Kyiv)

(12 min.)

● **Specifics of TAVI in women**

Andriy Khokhlov
(Kyiv)

- (12 min.) ● **How to organize optimal TAVI program - Valve for Life Polish experience.**
 Dariusz Dudek
(Krakow, Poland)
(Medtronic satellite)
- (12 min.) ● **Complications of TAVI**
 Artem Hovorov
(Kyiv)
- (12 min.) ● **Results from SMART Trial (SMall Annuli Randomized To Evolut™ or SAPIEN™ *)**
 P ter Andr ka
(Budapest, Hungary)
(Medtronic satellite)
- (12 min.) ● **Endovascular interventions for aorta pathology resulting from combat trauma**
 Serhii Furkalo
(Kyiv)
- (12 min.) ● **Optimal treatment of uncomplicated type B dissection**
 ZOLT N SZEBERIN
(Budapest, Hungary)
(Medtronic satellite)
- (12 min.) ● **Long-term outcomes of aortic endoprosthesis, own experience**
 Volodymyr Kolisnyk
(Odesa)
- (10 min.) ● **Discussion**
- 19:00 ● **Dinner**

08:10 – 12:00 Session 3 (parallel session)**Interventions in patients with chronic coronary occlusions**

Moderated by:

Hovorov A., Danylchuk I., Furkalo S., Petrovskyi T., Polivenok I.

Commented by: Khasyanova I., Sorokhtei L.

08:10**Live transmission from X-ray operating room of Shalimov NSCST****S. Furkalo**
(Ukraine)**09:10****Live transmission from X-ray operating room****Meruzhan Sagatelyan**
(Armenia)**(12 min.)****My choice of wire for antegrade access****Taras Petrovskyi**
(Ivano - Frankivsk)**(12 min.)****Septal collaterals - the best approach for CTO interventions****Illya Litovchyk**
(Israel, online)**(12 min.)****My choice of microcatheters for CTO interventions****Lilia Sorokhtei**
(Lviv)

- (12 min.)** ● **Same-day discharge after CTO PCI**

 Artis Kalnins
(Latvia, online)
- (12 min.)** ● **Antegrade dissection reentry technique (ADR) in CTO PCI**

 Emmanouil Brilakis
(USA, online)
- (12 min.)** ● **CTO toolbox**

 Oleksiy Furkalo
(Kyiv)
- (12 min.)** ● **My choice of guidewires for retrograde approach.**

 Imre Ungi
(Hungary,online)
- (10 min.)** ● **Discussion. Questions and answers**
- 12:30-12:45** ● **Break**

12:45 – 14:45**Session 4****Interventional radiology, endovascular surgery**

Moderated by:

Altman I., Kondratyuk V., Khasyanova I., Smorzhevskiy V.

Commented by: Denisov S., Hyndych P.,

12:30**Live transmission from operating room of Shalimov NSCST**O.Korshak
(Kyiv)

12:30

Live transmission from operating room of Shalimov NSCST

Yu.Vagis
(Kyiv)

A.Krush
(Kyiv)

(12 min.)

Endovascular interventions in patients after transplantation

Ivan Mazanovych

(12 min.)

Experience of clinical implementation of splenic artery embolization in patients with complicated portal hypertension.

Oleksandr Nikishyn

Serhii Kozlov

Igor Altman

Vadym Kondratyuk

(12 min.)

Experience in the use of endovascular technologies in the treatment of arterial bleeding

Ihor Altman

(12 min.) ● **Endovascular diagnostic and therapeutic possibilities in postoperative gastrointestinal bleeding**

Vadim Kondratyuk

(12 min.) ● **Experience of endovascular treatment of acute ischemic stroke**

Yevhenii Gardubey

Istvan Markush

(12 min.) ● **Expanding boundaries: opportunities and limitations of endovascular interventions in gynecology**

Olena Vlasenko

(12 min.) ● **Combined treatment of pelvic plethora syndrome in a male patient with May Turner syndrome. Modern possibilities of endovascular diagnostics and treatment. Successes and Failures**

Svyatoslav Denisov

(12 min.) ● **Complex interventions on the vessels of the lower extremities in case of OA of lower limbs. Own experience**

Yuriy Vagis

14:45-
15:00

● Break

15:00 – 16:30 Session 5 (Live in the box)

**My most memorable case.
Sure to have done everything right.**

(recorded clinical cases)

Moderated by:

Danylchuk I., Denisov S., Furkalo S., Kolisnyk V., Sokolov M.

(Report - 5 minutes, discussion - 3 minutes).

● **Planned LAD stenting, which forced the operator to leave the "comfort zone"**

Serhii Derii

● **Clinical case of LCA trunk stenting in ACS patient**

Mykhailo Todurov

● **TAVI in patient with particular anatomical features**

Bohdan Masliy

● **Leaving the operating room does not always prove to the end of intervention**

Yuri Vagis

● **DEB as a proven treatment option for restenosis of "metal jackets"**

Andrii Zhvyrevych

● **First experience of rotablation in STEMI with cardiogenic shock**

Volodymyr Kolesnik

● **We have MINOCA patient, what's next**

Dmytro Uzun

● **Calcium once again**

Dmytro Besh

(10 min.)

● **Discussion**

16:30-
16:40

● **Closing remarks**
